Garden Support & Green Care Crew: members-helping-members

We value your involvement and support in our vibrant garden community. Please inform us if you would benefit from driving assistance or if you're interested in joining our members-helping-members with horticulture projects.

- I would be interested in support from the members-helping-members program
- I am interested in volunteering to serve in the members helping members program to provide:
 - Garden Support & Green Care Crew: Tending, Tidying, and Trimming Team. This may be one-time or an on-going care for a VOMGC member. Volunteers may work in a group or individually.
 - Transportation Support: Ensuring Every Member's Arrival! This may be for one-time events or ongoing support for VOMGC members who wish to attend on-going programs such as monthly talks but have increased risks with driving in the evenings. Volunteers will be matched to nearest neighbors.

Mail application to: Valley of the Moon Garden Club Membership
P.O.Box 124
Sonoma, CA 95476

Thank you for your interest in joining our community!
